

ALLEN COUNTY NEEDS PROPERTY TAX RELIEF

✓ REVENUE-NEUTRAL IS WORKING BUT WE NEED *MORE*

Last year, 48 counties, 271 cities, and many other taxing authorities held the line on property taxes. That's progress. But some local officials are still cashing in on skyrocketing property values — and Kansans are paying the price.

271 Cities and 48 Counties Held Revenue-Neutral in 2024

Source: Kansas Department of Administration

✓ CAP PROPERTY VALUATION INCREASES

We need a constitutional amendment to limit annual increases in the taxable value of real estate to no more than 3%.

No more double-digit tax hikes just because the county says your home is worth more!

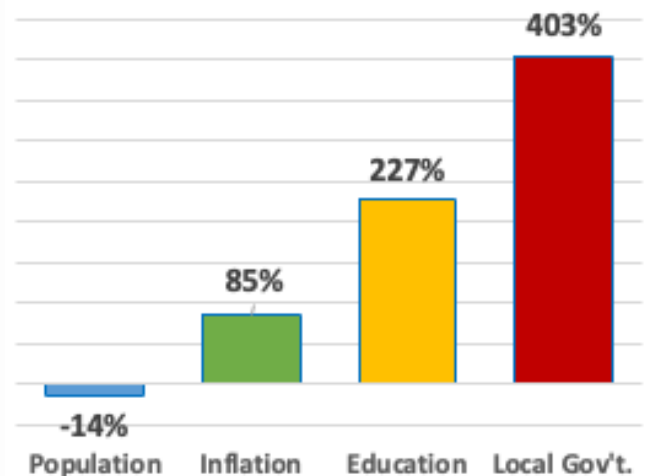

✓ GIVE VOTERS A SAY ON TAX HIKES

It's time to require voter approval before local governments can collect large property tax increases. Taxpayers deserve a voice — not just a bill.

The average increase on existing homes over the last three years was **34%**

DOUGLAS COUNTY NEEDS PROPERTY TAX RELIEF

✓ REVENUE-NEUTRAL IS WORKING BUT WE NEED *MORE*

Last year, 48 counties, 271 cities, and many other taxing authorities held the line on property taxes. That's progress. But some local officials are still cashing in on skyrocketing property values — and Kansans are paying the price.

271 Cities and 48 Counties Held Revenue-Neutral in 2024

Source: Kansas Department of Administration

✓ CAP PROPERTY VALUATION INCREASES

We need a constitutional amendment to limit annual increases in the taxable value of real estate to no more than 3%.

No more double-digit tax hikes just because the county says your home is worth more!

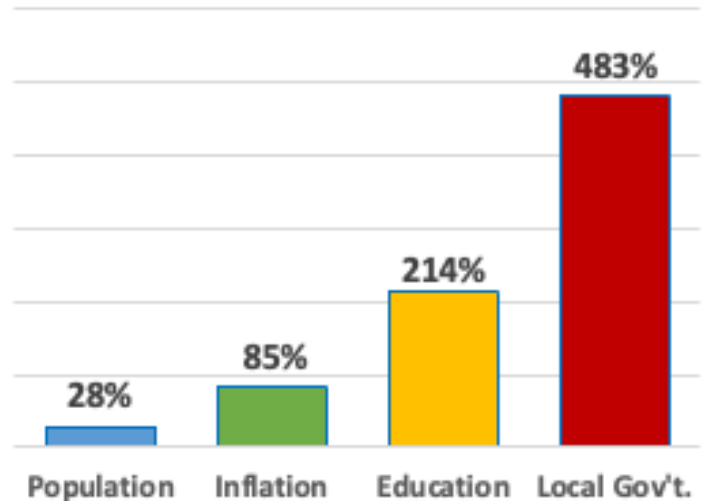

✓ GIVE VOTERS A SAY ON TAX HIKES

It's time to require voter approval before local governments can collect large property tax increases. Taxpayers deserve a voice — not just a bill.

The average increase on existing homes over the last three years was **35%**

JEWELL COUNTY NEEDS PROPERTY TAX RELIEF

✓ REVENUE-NEUTRAL IS WORKING BUT WE NEED *MORE*

Last year, 48 counties, 271 cities, and many other taxing authorities held the line on property taxes. That's progress. But some local officials are still cashing in on skyrocketing property values — and Kansans are paying the price.

271 Cities and 48 Counties Held Revenue-Neutral in 2024

Source: Kansas Department of Administration

✓ CAP PROPERTY VALUATION INCREASES

We need a constitutional amendment to limit annual increases in the taxable value of real estate to no more than 3%.

No more double-digit tax hikes just because the county says your home is worth more!

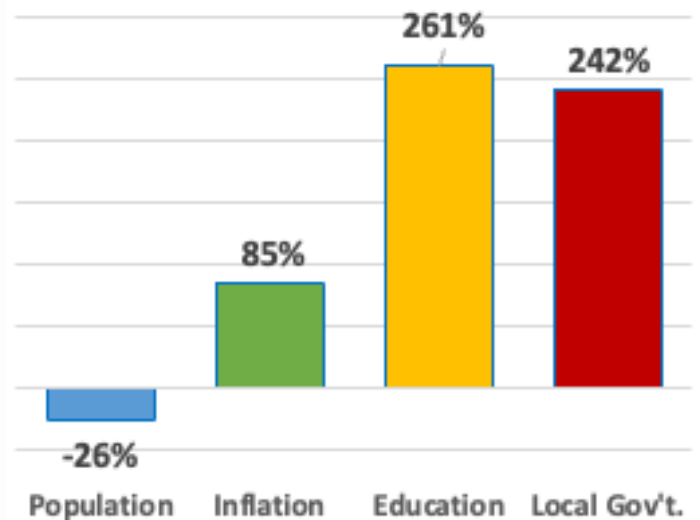

✓ GIVE VOTERS A SAY ON TAX HIKES

It's time to require voter approval before local governments can collect large property tax increases. Taxpayers deserve a voice — not just a bill.

The average increase on existing homes over the last three years was **34%**

NEOSHO COUNTY NEEDS PROPERTY TAX RELIEF

✓ REVENUE-NEUTRAL IS WORKING BUT WE NEED *MORE*

Last year, 48 counties, 271 cities, and many other taxing authorities held the line on property taxes. That's progress. But some local officials are still cashing in on skyrocketing property values — and Kansans are paying the price.

271 Cities and 48 Counties Held Revenue-Neutral in 2024

Source: Kansas Department of Administration

✓ CAP PROPERTY VALUATION INCREASES

We need a constitutional amendment to limit annual increases in the taxable value of real estate to no more than 3%.

No more double-digit tax hikes just because the county says your home is worth more!

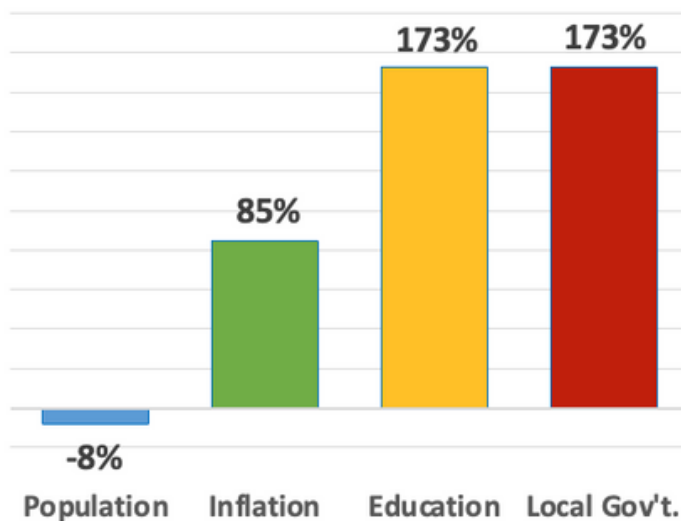

✓ GIVE VOTERS A SAY ON TAX HIKES

It's time to require voter approval before local governments can collect large property tax increases. Taxpayers deserve a voice — not just a bill.

The average increase on existing homes over the last three years was **18%**

SHAWNEE COUNTY NEEDS PROPERTY TAX RELIEF

✓ REVENUE-NEUTRAL IS WORKING BUT WE NEED *MORE*

Last year, 48 counties, 271 cities, and many other taxing authorities held the line on property taxes. That's progress. But some local officials are still cashing in on skyrocketing property values — and Kansans are paying the price.

271 Cities and 48 Counties Held Revenue-Neutral in 2024

Source: Kansas Department of Administration

✓ CAP PROPERTY VALUATION INCREASES

We need a constitutional amendment to limit annual increases in the taxable value of real estate to no more than 3%.

No more double-digit tax hikes just because the county says your home is worth more!

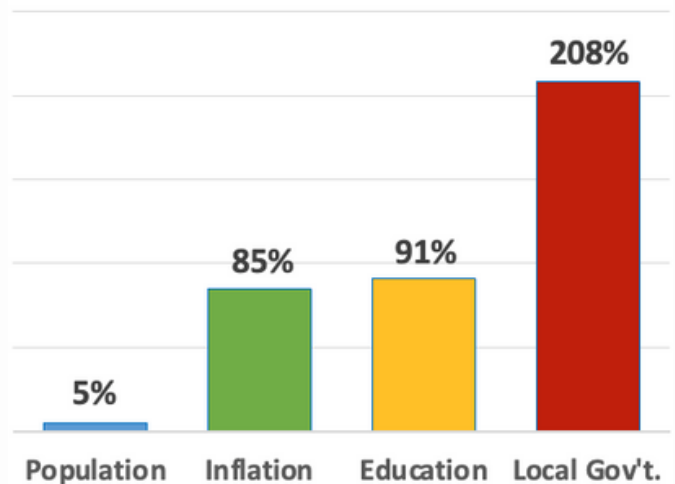

✓ GIVE VOTERS A SAY ON TAX HIKES

It's time to require voter approval before local governments can collect large property tax increases. Taxpayers deserve a voice — not just a bill.

The average increase on existing homes over the last three years was **33%**
